GUARDIANS OF EGYPT

Explore it. Discover it. Preserve it.

Integrated tourism and heritage awareness campaign plan for a team of four DEPI Digital Marketing Specialist students.

EGYPT UNCOVERED
Lesser-known places

DISCOVER EGYPT
Recent discoveries + openings

REVIVE EGYPT
Restoration + preservation

INTERACTIVE PDF - CLICK THE TABS

Prepared for DEPI | September 2026

01 / HOW TO USE

Navigate the plan

Use the PDF as a mini strategy deck: jump between sections, open live source links, and fill in the team fields.

1 STRATEGY
The why, audience, objectives and KPIs.

2 CAMPAIGNS
Three sub-campaigns under one umbrella.

3 CHANNELS
Meta Business Suite + TikTok execution.

4 WEBSITE
Interactive user journey and content hub.

5 TEAM + DECK
Four roles, DEPI skill application and final presentation.

PROJECT SETUP FIELDS

Fill these before submission so the PDF becomes your shared project master file.

Final website URL

Instagram handle

TikTok handle

CORE SOURCE HUB

S1 MoTA Sustainable Development Strategy

S4 UNESCO World Heritage - Egypt

S8 Meta Business Suite / Blueprint

S9 TikTok Creative Guide

02 / STRATEGIC CORE

The campaign in one page

Guardians of Egypt turns Egypt's heritage into a digital journey: discover places people may overlook, discover what archaeology is revealing now, and understand why preservation matters.

19M
tourists welcomed by Egypt in 2025 (MoTA)

7
Egypt properties on UNESCO World Heritage List

34
sites on Egypt's UNESCO Tentative List

3
connected campaign chapters

ATTRACT
Use visual curiosity and short-form storytelling to make Egypt feel bigger than the usual itinerary.

EDUCATE
Translate archaeology, tourism and restoration into simple stories with proof and sources.

ENGAGE
Turn the audience into explorers: save, share, vote, comment, map and build a route.

CARE
Connect visitation with responsible behavior and respect for heritage sites.

PROPOSED PROJECT OBJECTIVES

1. Increase awareness of lesser-known Egyptian destinations and heritage experiences.
2. Make recent archaeological discoveries and newly presented attractions easy to understand.
3. Build a preservation mindset: visitors are not only tourists, but temporary guardians.
4. Drive meaningful visits to the website where content, context and calls-to-action meet.

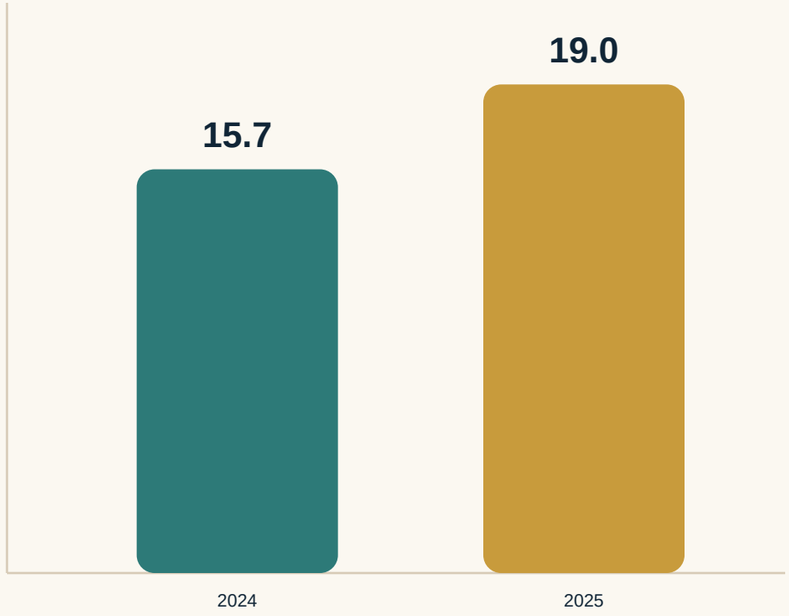

Fact base: S2 S4 S7

03 / WHY THIS CAMPAIGN

Why it makes sense now

Use current facts as the campaign's evidence layer - not as advertising claims.

Tourism momentum

HERITAGE IS A TOURISM ASSET

MoTA describes Egypt's cultural heritage as a major tourism strength and emphasizes sustainable tourism, awareness, technology and conservation.

THE PORTFOLIO IS BROADER

UNESCO lists 7 Egyptian World Heritage properties and 34 sites on the Tentative List - a strong storytelling pool beyond the most famous landmarks.

DISCOVERIES ARE STILL EMERGING

Recent official reports include new finds at Saqqara, the tomb of Prince Userefre, the tomb of Thutmose II, and new discoveries around the Ramesseum.

THE DIGITAL LAYER MATTERS

MoTA's current strategy explicitly includes tourism promotion, technology, awareness and sustainable preservation - all natural pillars for a digital campaign.

Strategic idea

MAKE PEOPLE CURIOUS ENOUGH TO EXPLORE - AND CARE ENOUGH TO PRESERVE.

Evidence: S1 S4 S7 S11 S12 S13

04 / BRAND ARCHITECTURE

One umbrella. Three focused journeys.

The sub-campaigns should feel like chapters of one story, using the same logo family, typography, CTA style and hashtag system.

GUARDIANS OF EGYPT

Explore it. Discover it. Preserve it.

EGYPT UNCOVERED

Find the places that deserve a closer look.

Lesser-known places / cultural experiences

DISCOVER EGYPT

Meet the stories revealed in the last five years.

Recent discoveries / new openings / new visitor experiences

REVIVE EGYPT

See why restoration is part of the journey.

Conservation / restoration / responsible visitation

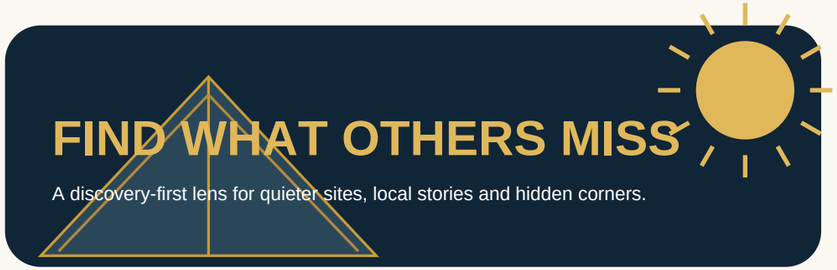

Shared CTA ladder

DISCOVER -> SAVE -> SHARE -> VISIT -> RESPECT -> BECOME A GUARDIAN

05 / CHAPTER 01

EGYPT UNCOVERED

Position lesser-known destinations as discoveries - not as "unknown" places. Avoid the word undiscovered when the site is documented or protected.

CONTENT FORMULA

Hook: "You've seen Egypt. But have you seen this?" | Reveal: location + story + visual | Close: save the place + responsible visit tip.

CONTENT TYPES

15-30s Reels/TikToks, 5-slide carousels, photo maps, local micro-guides, "spot the landmark" quizzes, user-submitted places.

EXAMPLE STORYLINES

01 **Hidden in plain sight**
A site people drive past - then reveal what makes it special.

02 **One-hour detour**
Turn a familiar trip into a micro-adventure with one additional stop.

03 **Local voice**
A local guide / resident explains why the place matters today.

04 **Before the crowd**

EDITORIAL RULE

Use "lesser-known", "under-the-radar" or "less-visited" unless an authoritative source confirms that a place was genuinely undiscovered.

06 / CHAPTER 02

DISCOVER EGYPT

A newsroom-style series that turns recent archaeological findings and new visitor experiences into fast, factual stories.

2021 — 2022 — 2023 — 2024 — 2025 — 2026

SAQQARA / ARCHIVE THE FIND

Use the 2022 official announcement as a case study: a large cache of bronze statues and coffins was reported by the Ministry.

THUTMOSE II / BIG REVEAL

Build a "How was it identified?" explainer around the 2025 discovery of the tomb of Thutmose II near Luxor.

USEREFRE / THE FALSE DOOR

Show the story behind the 2025 discovery of Prince Userefre's tomb at Saqqara and explain why the inscriptions matter.

DISCOVERY STORY TEMPLATE

HOOK

"This tomb was missing for thousands of years..."

PROOF

What the official source confirms

CONTEXT

What it changes about the historical story

CTA

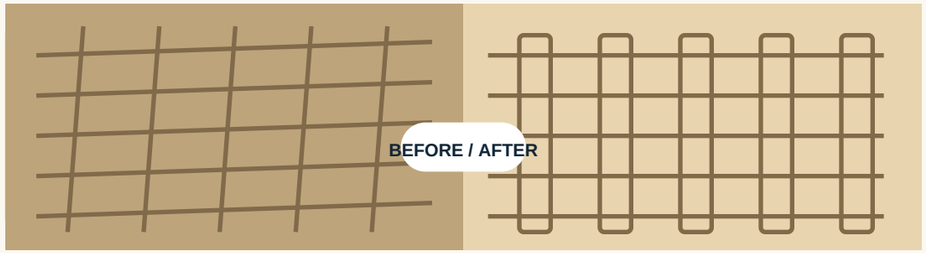

"Explore the story - then plan your visit responsibly."

Examples should be verified against primary sources before publication: S11 S12 S13 S14

07 / CHAPTER 03

REVIVE EGYPT

Make restoration visible: show the process, the reason for it, the craft behind it and what visitors can do to reduce damage.

THE NARRATIVE

"It is not a facelift. It is a memory rescue." Explain why interventions happen and what can be safely touched, photographed or entered.

BEHAVIOR CTA

Do not climb. Do not touch reliefs. Follow routes. Use designated photography areas. Share information, not misinformation.

SERIES IDEAS

- **Restore the Detail** — Zoom into a single inscription / color / surface and show what conservation protects.
- **Hands Behind the Heritage** — Introduce conservators, archaeologists, registrars and craftspeople.
- **Then vs Now** — Use verified before/after images or official milestones - never fabricate a restoration change.
- **Guardian Rules** — Fast 10-second behavior tips visitors can remember before entering a site.

Use MoTA conservation updates and documented case studies: S1 S2 S3

08 / PEOPLE

Audience framework

Start with people, then choose formats. The campaign should speak to curiosity, identity, travel planning and responsible behavior.

THE CURIOUS YOUNG EXPLORER

Short-form native, saves destinations, wants new things to post/share.

16-30

BEST CHANNELS TikTok, IG Reels
CORE DRIVER Curiosity / novelty

THE WEEKEND DISCOVERER

Plans short trips, values practical location + timing + cost information.

25-40

BEST CHANNELS Instagram, Facebook
CORE DRIVER Convenience / local pride

THE HERITAGE LEARNER

Likes history, museums, stories, maps and deeper context.

18-45

BEST CHANNELS Facebook, IG Carousels
CORE DRIVER Learning / meaning

THE CULTURAL VISITOR

Chooses destinations through visual proof, logistics, trust and unique experiences.

International

BEST CHANNELS Instagram, Website
CORE DRIVER Confidence / experience

AUDIENCE JOURNEY

AWARE	CURIOUS	INTENT	ACTION
"I did not know this existed."	"Tell me the story."	"I want to save this place."	"I will visit / share / protect."

TARGETING LOGIC

Organic content should be interest-led. Paid activity can layer travel intent, video engagement, website visitors and retargeting where platform tools allow.

MESSAGE TONE

Curious, warm, proud, factual and visual. Avoid fear-based heritage messaging and avoid exaggerated claims about sites or discoveries.

09 / CHANNEL STRATEGY

One content engine, different platform language

Create once at concept level, then adapt the execution for Meta and TikTok instead of copying the same post everywhere.

EXPLORE
lesser-known places

DISCOVER
recent finds

REVIVE
restoration

PARTICIPATE
UGC + quizzes + maps

FACEBOOK + INSTAGRAM
Role: reach + saves + community + discovery.
Formats: Reels, carousels, Stories, photo essays, polls.
Cadence: 3-4 feed/reel pieces + Stories across the week.
CTA: Save the route / share the story / explore the site.

TIKTOK
Role: attention + cultural storytelling + creator-style discovery.
Formats: 15-40s vertical videos, voiceover explainers, POV, quick interviews, myth-vs-fact.
Cadence: 3-5 videos/week during the active burst.
Creative pattern: Hook -> Body -> Close.

ADAPTATION MATRIX

Idea	Instagram	Facebook	TikTok
One hidden place	5-slide carousel + Reel	Story + guide post	POV reveal in 20s
New discovery	timeline carousel	longer explainer + link	"Did you know?" reveal
Restoration	before/after Reel	photo story + context	10s transformation + rule
UGC challenge	tag + Story repost	community thread	duet/stitch-style reactions

Platform-specific guidance: S8 S9 S10

10 / META EXECUTION

Facebook + Instagram via Meta Business Suite

Use one calendar, one asset naming system and one reporting routine across the two Meta channels.

01 **PLAN** — Planner/calendar

Schedule the week, label campaign + objective + format.

02 **PUBLISH** — Content

Upload optimized assets, captions, links, tags and CTA.

03 **COMMUNITY** — Inbox

Monitor comments/messages and route questions to the right person.

04 **MEASURE** — Insights

Record reach, watch time, saves, shares, profile actions and traffic.

META CHECKLIST

- Naming convention: C1_Uncovered / C2_Discover / C3_Revive
- UTM links for website traffic
- Creative sizes checked before upload
- Comment + message response protocol
- Weekly performance snapshot
- Best-performing hooks reused as new edits

Meta Page / Business account owner

Workflow reference: S8

11 / TIKTOK EXECUTION

Make the history feel native to the feed

Use TikTok as the high-attention storytelling channel: movement, voice, captions, curiosity and a clear close.

HOOK

0-3 sec
Unexpected fact, visual reveal, question or location challenge.

BODY

3-20 sec
One story, one proof point, one visual transformation or map.

CLOSE

Last 3-5 sec
Clear CTA: save, comment, visit, share or follow the chapter.

SERIES / FORMATS TO TEST

01	**POV: You found Egypt's other side**	Walk-and-reveal destination storytelling.
02	**30-second archaeology**	One discovery, one object, one historical takeaway.
03	**Myth / Fact**	Fast correction with source caption.
04	**Street questions**	Ask: "What Egyptian place do you think tourists overlook?"
05	**Guardian Challenge**	Users show a respectful travel moment and tag the campaign.

TIKTOK CREATIVE RULE

Design vertically for mobile, grab attention in the first seconds, use captions, and end with a clear action. This is consistent with TikTok for Business guidance.

Guidance: S9 S10

12 / WEBSITE

The campaign's interactive home

The website is the "memory palace" of the campaign: social content sparks curiosity, while the site gives context, exploration tools and a next action.

HOME
Campaign intro + hero visual

UNCOVERED
Map + lesser-known stories

DISCOVER
Recent discoveries timeline

REVIVE
Before/after + conservation

EXPLORE
Interactive map / filters

YOUR JOURNEY
Build a mini route + save

GUARDIAN GUIDE
Visitor behavior + FAQs

INTERACTIVE FEATURES
Clickable campaign cards, map filters, timeline slider, before/after comparison, quiz cards, share buttons, sticky CTA.

SEO / DISCOVERY LAYER
Search-friendly page titles, structured headings, descriptive alt text, internal links and source references. Build content around destinations, discoveries and restoration stories.

SOCIAL -> WEBSITE FLOW

REEL / TIKTOK → STORY / LINK → LANDING PAGE → EXPLORE → SHARE / VISIT

13 / PERFORMANCE

Paid media + measurement framework

Use a simple full-funnel model. Budget percentages are project-planning assumptions, not performance predictions.

ILLUSTRATIVE BUDGET MIX

Awareness | 50%

Engagement / traffic | 30%

Retargeting | 20%

KPI STACK

- **Awareness** Reach, impressions, video views
- **Content quality** watch time, completion rate, saves, shares
- **Site** sessions, engagement, campaign-page clicks
- **Community** comments, mentions, UGC submissions
- **Action** route starts, guide downloads, outbound travel clicks

14 / EXECUTION

Six-week content rollout

A lean rollout for a four-person team: build the system first, then let the three campaign chapters take turns being the hero.

W1 — Launch Guardians

Brand reveal + website teaser + "Which Egypt do you want to discover?" poll.

TEASER

W2 — Egypt Uncovered

3 lesser-known destination stories + UGC prompt + map teaser.

DISCOVER

W3 — Discover Egypt

Recent-discovery timeline + short explainers + quiz.

DISCOVER

W4 — Revive Egypt

Restoration stories + visitor rules + before/after content.

PRESERVE

W5 — Cross-over week

"I discovered / I visited / I helped preserve" community stories.

COMMUNITY

W6 — Final journey

Best-performing stories, website route builder, campaign recap + presentation demo.

CONVERT

WEEKLY TEAM RHYTHM

Mon: research + script | Tue: design/edit | Wed: publish | Thu: community | Fri: analytics + optimization | Weekend: UGC / stories / live coverage.

15 / MEASUREMENT

Suggested class-project scorecard

Set baseline numbers after the first 7 days. The targets below are illustrative planning ranges so the team can demonstrate measurement thinking.

1M+
Combined reach
Illustrative campaign-scale target

40K+
Meaningful engagements
Illustrative benchmark for saves, shares, comments

10K+
Website sessions
Illustrative traffic objective

2K+
High-intent actions
Route starts, guide downloads, key clicks

REPORTING TABLE

Metric	Source	Owner	Cadence	Action
Reach + views	Meta / TikTok	M4	Weekly	Scale hooks that earn attention
Saves + shares	Platform insights	M2	Weekly	Repurpose utility stories
Website behavior	Analytics	M3	Weekly	Improve high-drop pages
UGC + comments	Inbox / mentions	M2	2x week	Turn questions into content
Top campaign	Combined	M1	End of burst	Build final case study

OPTIMIZATION LOOP

Measure -> identify winning hook / topic / format -> adapt -> publish again -> compare -> document the lesson for the final presentation.

16 / TEAM MODEL

Four people, four ownership lanes

Each person should own a deliverable and a measurable learning outcome. Replace the placeholders with your real names in the fillable fields.

M1

STRATEGY + RESEARCH

Team member name

Audience, objectives, competitor / benchmark scan, source validation, campaign architecture.

HOW TO SHOW LEARNING DEPI application: research, STP, objectives, customer journey, campaign planning.

M2

CONTENT + SOCIAL

Team member name

Content pillars, copy, captions, storyboards, community management, UGC.

HOW TO SHOW LEARNING DEPI application: content strategy, social media planning, copywriting, brand voice.

M3

PERFORMANCE + ANALYTICS

Team member name

Meta reporting, TikTok metrics, UTM structure, KPI dashboard, optimization decisions.

HOW TO SHOW LEARNING DEPI application: paid media logic, analytics, KPI interpretation, optimization.

M4

CREATIVE + WEBSITE

Team member name

Visual system, Canva assets, video editing direction, UI/UX and website build.

HOW TO SHOW LEARNING DEPI application: creative production, digital experience, SEO basics, web content.

TEAM HANDOFF RULE

Every asset has one owner, one reviewer and one deadline. Research must be approved before publishing factual archaeology claims.

17 / FINAL PRESENTATION

12-slide storytelling sequence

Keep the PowerPoint visual: low text, large campaign visuals, live website demo and clear evidence of how each team member applied DEPI learning.

01 TITLE
Guardians of Egypt + team names
M1

02 PROBLEM
Why tourism storytelling can go beyond famous landmarks
M1

03 BIG IDEA
Umbrella campaign + three sub-campaigns
M1

04 AUDIENCE
Personas + audience journey
M1/M2

05 UNCOVERED
Content examples + hook
M2

06 DISCOVER
Recent discovery storytelling
M2

07 REVIVE
Restoration / preservation storytelling
M2

08 PLATFORM PLAN
Meta Business Suite + TikTok workflow
M2/M3

09 WEBSITE
Interactive website demo
M4

10 PAID + KPIs
Funnel + measurement dashboard
M3

11 TEAM + DEPI
What each person learned and applied
All

12 DEMO + NEXT STEP
Show the campaign journey and what you would optimize
All

LIVE DEMO ORDER

Social post -> click to website -> choose a campaign -> explore interactive content -> click source -> return to CTA -> explain analytics dashboard.

FINAL SUBMISSION CHECK

- [ ] PDF tested
- [ ] PowerPoint tested
- [ ] Website link tested
- [ ] Meta screenshot included
- [ ] TikTok examples included
- [ ] Sources cited

18 / SOURCES

Primary and platform references

Open any source tag to review the live page. For social posts, preserve the source title and access date in your internal content tracker.
